

Heartland High School is dedicated to ensuring adolescents in recovery from addiction have the resources they need to successfully earn a high school diploma.

Since opening our doors in 2018, our staff, faculty, and Board of Directors have been dedicated to finding solutions that help support our students and their families. Heartland High School has served over 40 students on their journey to recovery. Choosing a pathway to sobriety can be overwhelming for young people, and having a safe place like Heartland helps our students overcome barriers and feel empowered to live their recovery out loud and successfully complete their high school careers!

Every day we see students breaking the stigma and bringing awareness to adolescent substance use disorder. For the 2022/2023 School year, the Heartland Board of Directors, faculty, and staff are even more committed to continuing this momentum to ensure we can provide a recovery-centered education to every student who needs one!

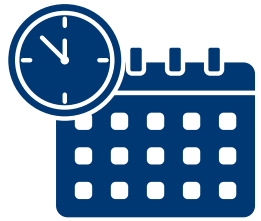

We are tremendously grateful to our supporters who continue to stand with us to break the stigma for our students.

2022

IMPACT REPORT

HHS Makes A Big Impact

In 2023 we will be celebrating our 5th year of providing students the educational and recovery resources they need to succeed and thrive. Because of you we have been able to make a big impact!

- 9th = 7 students
- 10th = 1 students
- 11th = 1 student
- 12th = 1 student

#WeRecover

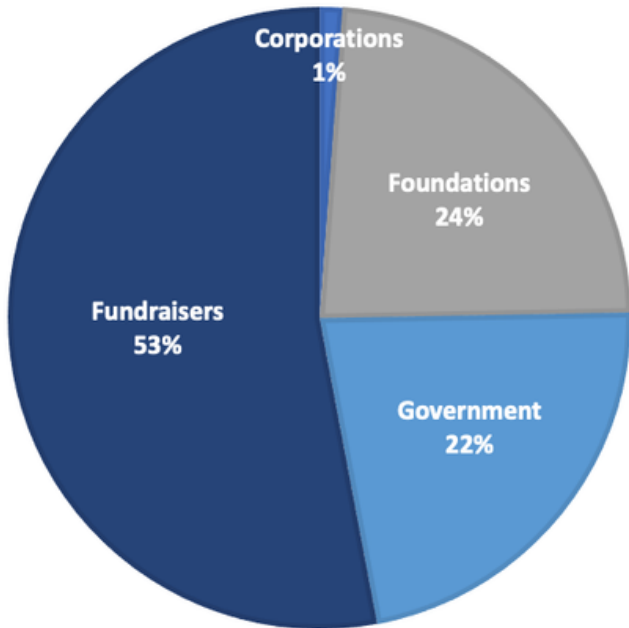

More than 150 friends and supporters attended our 2022 signature fundraiser - **#WeRecover Scholarship Luncheon**. Together we raised needed funds, celebrated our School's successes, and were inspired to help break the stigma.

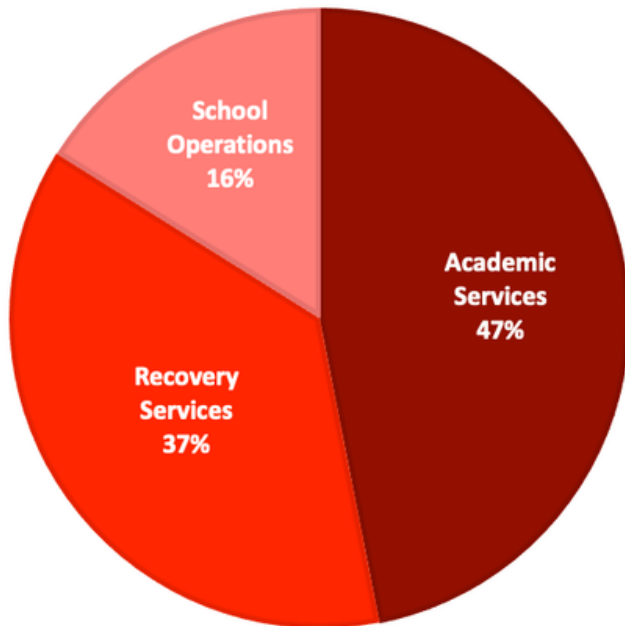

We hope you will join us and celebrate our students' accomplishments during the #WeRecover Scholarship Luncheon on October 3, 2023.
